

DUDLEY

AMERICA'S PREMIER SOFTBALL COMPANY

2015 SOFTBALL CATALOG

1938

Dudley founded by George Dudley Full.

1965

Dudley becomes the first company to make cork & rubber center softballs (which quickly became the number one ball of choice).

1984 *Thunder*

Dudley launches the "Thunder" series of softballs

1990

Dudley develops its first polyurethane core softball for improved quality, consistency, and durability.

1997

Dudley introduces the patented Thunder ZN which is the first composite cover softball providing great feel and playability.

2003

Dudley introduces the patented Thunder Advance multi-layer softball bringing unmatched durability and performance to softballs.

TODAY

Dudley currently has more fast pitch NFHS state adoptions than any other company in the softball industry. They are also the ball of choice across several associations, and requested by more of the top softball players across the country.

There's a new passion and inspiration at Dudley® Sports as we launch the 2015 line of high-end softball gear. This year's line of bats, ball gloves, batting gloves and bags complement our full line of Dudley® Softballs, America's #1 Softball, and shows off our renewed focus on product performance, quality, durability and consistency.

Engineered and tested by a wide range of softball players – from the competitive performance player to the recreational weekend warrior – you'll find our new products will take your play to the next level.

The new "Grip Spin™ Technology" on our SSUSA® Approved Softball Bats, which can provide longer shots to the outfield, and our proprietary HYCON Softball Core, which plays the same in cold weather as it does in hot weather, shows that Dudley® is "Softball Serious™" and committed to product quality and high performance.

Join the Dudley® team and become "Softball Serious™" in enhancing your skills, performance, drive, intensity and fun with our new Dudley® High Performance Softball Gear.

LIGHTNING LEGEND SERIES BATS

GRIP SPIN TECHNOLOGY

An innovative advancement engineered into your bat barrel that allows the barrel surface to "grip" the ball on a cut swing and increase it's spin revolutions. This can cause it to rise higher, stay in the air longer, and result in longer distance hits. If you are looking for maximum distance, then "Grip it and Spin it!"

TECHNOLOGY

- Senior Softball USA Approved
- Fully certified to the 1.21 Bat Performance Standard (BPF)
- Engineered with Dudley's Innovative GRIP SPIN TECHNOLOGY to maximize the ball's flight characteristics and distance
- Fusion Composite Barrel Design allows maximum performance combined with extraordinary durability hit after hit
- Fusion Composite Handle Design is engineered to maximize your handle stiffness and control vibration.
- Equipped with the Dudley tackified bat grip providing Softball Serious comfort and control
- The Dudley Lightning Bolt End Cap helps with rotating your bat to get the maximum life out of the barrel.
